

Research Experiences for Undergraduates (REU)

Center for Biomechanical Engineering Research (CBER)

- 10-week, full-time, summer research experience
- A research advisor and host bioengineering laboratory
- \$6,000 stipend for each student
- University housing supplement
- Application deadline: February 15
- Contact: nelson@udel.edu

Center for Composite Materials (CCM)

- 12-week, full-time, summer research experience
- Research projects with graduate student and faculty mentorship
- Multidisciplinary teams on a variety of research topics
- Interdisciplinary research symposium
- Application deadline: April 30
- Contact: Kristen Scully kscully@udel.edu

Center for Plastics Innovation (CPI)

- 10-week, full-time, summer research experience
- Research projects with graduate student and faculty mentorship
- Research seminars and professional development workshops
- Industry and government lab site visits
- \$6,000 stipend for each student
- University housing supplement for external applicants
- Interdisciplinary research symposium
- Application deadline: February 15
- Contact: cpi-info@udel.edu

Sustainable, Resilient Transportation Systems

- 10-week, full-time, summer research experience
- \$6,000 stipend for each student
- Reimbursement for travel up to \$500
- University housing supplement
- Interdisciplinary research symposium
- Application deadline: March 14
- Contact: jtatar@udel.edu

Energy Research Internship (DEI / CCEI / RAPID)

- 10-week, full-time, summer research experience
- \$4,000 stipend for each student
- University housing supplement
- Interdisciplinary research symposium
- Application deadline: March 15
- Contact: dei-info@udel.edu

Materials Research Experience for Undergrads (CHARM)

- 10-week, full-time, summer research experience
- \$6,000 stipend for each student
- Opportunities for experimental or computational research in soft or hard materials
- Research lab and industry site visits to broaden the scope of learning
- Stipend for each student
- University housing supplement for external applicants
- Application deadline: February 15
- Contact: kbothi@udel.edu

Center for Integrated Asset Management for Multi-modal Transportation Infrastructure Systems (CIAMTIS)

- 10-week, full-time, summer research experience
- Attendees from institutions in Delaware, DC, Maryland, Pennsylvania, Virginia or West Virginia.
- \$4,500 stipend for each student
- University housing supplement for non-UD students
- Application deadline: April 8
- Contact: jtatar@udel.edu

Undergraduate Research in Electrical and Computer Engineering (UR-ECE)

- 10-week-long full time summer research experience
- A research advisor, a graduate student mentor, and a host ECE laboratory for each student
- \$6,000 stipend for each student
- University housing supplement
- Contact: hdunlap@udel.edu
